

User Manual: Rock Paper Scissors Web Application

1. Introduction

- Welcome to the Rock Paper Scissors web application user manual.
- This manual guides you on how to play the game effectively.

2. How to Play

- Begin by selecting the number of players: one or two.
- For one player, you'll compete against the computer. For two players, you'll compete against each other.
- Next, enter player name(s) and select the number of rounds (1, 3, 5, or 7).
- Click "START GAME" to begin.

3. Gameplay

- Player 1 selects a shape: rock, paper, or scissors.
- Player 2 (or the computer in one-player mode) then makes a selection.
- The winner of each round earns a point.
- Rounds end when the predetermined number is reached.

4. Determining the Winner

- The game winner is the first to reach the winning score based on the number of rounds selected.
- In case of a draw, additional tiebreaker rounds will be played.

5. Game Controls

- Click the appropriate shape button to make your selection.
- Use the "PLAY NEXT ROUND" button to proceed to the next round.
- Click "DISPLAY WINNER" once the game winner is determined.
- To quit the game at any time, use the "QUIT" button.

6. Conclusion

- Enjoy playing Rock Paper Scissors! For further assistance, consult the user manual.

Thank you for using our web application, you are amazing!
